Psychoanalytic child therapists are specifically trained to assess and treat children's mental health issues.

The TCPP program offers intensive post-graduate training, which combines academic study with supervised clinical work.

Please join us for an information session about our **unique three-year program**:

**February 11, 2009**  
**7:30 p.m.**  
**1055 Yonge St., Suite 305**  
**Toronto**

*Refreshments will be served.*  
*Classes are held at the Hincks Institute, Toronto, on Tuesday evenings from September to June.*
